

Pace's FBLA Team Qualifies for National Competition

This year was quite a successful one for the Future Business Leaders of America (FBLA) team from Monsignor Edward Pace High School. At the Florida State Leadership Conference and Competition, Pace's FBLA placed over three times. Students from all across Florida came to participate in FBLA's second biggest event (second only to Nationals, that is). Many competed in an array of different categories, ranging from Impromptu Speaking to Hotel Management. Out of all the competitions, Pace's team managed to win several awards. Sabrina Colon was awarded a college scholarship, Kevin Fernandez and Enmanuel Inoa won 3rd place in Business Ethics, Nicholas Fernandez won 5th place for Hospitality Management, Bryan Drego won 5th place for Help Desk, and Kristen Ned, Andres Rodriguez, and Javier Castro won 1st place for the group competition, Global Business.

Due to their 1st place win, Kristen, Andres, and Javier are now eligible to compete in the National competition which will take place in Orlando late this June. Sabrina Colon will be awarded \$500 to the college of her choice. We wish them the best of luck in their future endeavors. Congratulations to all those who competed in this year's state competition; it is truly a great achievement.
